*Method of Dealing with Excess Stocks.*

17. Where a person being a consumer has a stock of coal in excess of the quantity referred to in the last preceding clause, the Local Fuel Overseer, or any person duly authorized by him, may take possession on behalf of the Board of Trade of such excess upon such terms as may be determined by agreement or otherwise settled by a single arbitrator to be appointed by the Controller, and apply it in such manner as he may think fit. Provided further that where the Controller shall declare a state of emergency to exist the Local Fuel Overseer may similarly take possession of all coal in the possession of such consumer in excess of one month's allowance of the premises.

*Special Reserve Stock for Consumer.*

18. A Local Fuel Overseer may grant to a consumer a certificate entitling such consumer to hold such stock in excess of that permitted under clause 16 hereof as he may think fit and subject to such conditions as he may determine, provided that such stock is not disposed of or consumed in such a way as to increase the allowance of such consumer for any period.

*Power of Entry to Inspect Premises.*

19. A Local Fuel Overseer or any person specially authorized in writing by him or by the Controller may enter upon any premises, (a) in which he has reason to believe that any coal is being kept in contravention of this Order or (b) in respect of which any information or particulars have been given under clause 12 hereof, and may carry out such inspection and examination of the premises as he may think necessary.

## PART III.—ORGANIZATION.

*Appointment of Local Fuel Overseer.*

20. Each Local Authority shall appoint and keep appointed a person who shall be known as the Local Fuel Overseer for the district of such Local Authority or for such part thereof as is included in the Order, and the Local Authority may, and if required by the Controller shall, vary or renew or determine such appointment from time to time as may be required or deemed expedient.

Two or more Local Authorities may, with the assent of the Controller, and shall, if so required by the Controller, combine for the purpose of appointing a common Local Fuel Overseer, or for any other purposes under this Order, where their districts or parts thereof can

be conveniently treated as one by reason of their size or configuration, or where their supplies of coal cannot conveniently be separated and distinguished; and a Local Authority may with such assent, and shall if so required, divide its district into more than one where such district is of such extent that it can be most conveniently treated as more than one district, and a Local Fuel Overseer shall in such event be appointed for each part of a district so divided.

The word "district" as hereinafter used in this Order means the district for which a Local Fuel Overseer is appointed under this clause.

*Public Office of Local Fuel Overseer.*

21. The Local Authority or Authorities shall establish for each district an office or offices which shall be open during the usual business hours of offices in the district and at such other times as may be found necessary, and shall give public notice of the name of the Local Fuel Overseer for such district and the address of such office or offices as aforesaid to the intent that all communications relating to the supply and distribution of fuel and lighting to consumers within such district shall be sent to such office or offices and dealt with by such Local Fuel Overseer.

*Local Fuel Overseer to be Independent.*

22. The Local Fuel Overseer shall not be interested directly or indirectly in the supply or distribution of coal, gas or electricity, except for the purpose of giving effect to this Order.

*Local Fuel Overseer to be Subject to Controller; Appeals.*

23. The Local Fuel Overseer shall be responsible to and shall report direct to the Controller, or to the officers to be appointed by him for that purpose, in the execution of all duties laid upon him by this Order or by any rules or instructions made by the Controller under this Order, and he shall comply with any directions given to him by the Controller.

Wherever a decision or act of the Local Fuel Overseer is not declared to be final by this Order or by any rules or instructions issued thereunder, or being required to be taken with the assent or approval of the Controller is not so taken, there shall be an appeal from such decision or in respect of such act to the Controller who may confirm or vary such decision or act as he thinks proper.

The decision or act of the Controller shall be final in every case.

*Relations of Local Fuel Overseer and Local Authority.*

24. Subject to clause 23 hereof, a Local Authority shall, except in the case of districts included in the Metropolitan Fuel Area, make such arrangements for the supervision and control of the acts and decisions of the Local Fuel Overseer as it deems expedient, and for this purpose the Local Fuel Overseer shall make such reports to the Local Authority as the Local Authority may reasonably require.

The Local Fuel Overseer shall be responsible to and shall comply with the instructions of the Local Authority in connection with all expenditures incurred by him in the execution of his duties under this Order. This shall apply to districts included in the Metropolitan Fuel Area.

*Records, Returns, etc., of Local Fuel Overseer.*

25. The Local Fuel Overseer shall keep such records and make such reports and returns from time to time to the Controller as the Controller may determine.

All records, reports, returns, correspondence, books, papers and documents of the Local Fuel Overseer shall be treated as private and confidential, and deemed to be the property of the Controller, and shall be accessible and open at all reasonable times to the inspection of the duly authorized representatives of the Controller, who may make extracts therefrom.

*Duties of Local Authority as to Reserve Stocks, Byelaws, etc.*

26. The Local Authority shall, by its officers or servants, afford all necessary assistance to the Local Fuel Overseer in the execution of his duties and the administration of this Order, and in particular shall—

(a) if the Controller so directs, and in accordance with his directions, establish a reserve stock of coal which shall be at the disposal of the Local Fuel Overseer; but this provision shall not detract from the power of a Local Authority to establish a reserve stock on its own account under this Order;

(b) at the request of the Local Fuel Overseer direct how and when deliveries of coal shall be made and where and how stocks of coal shall be stored, having regard to the bye-laws, statutory and other regulations governing or purporting to govern such deliveries or such storage where it is expedient to further such deliveries or such storage, and such directions shall have effect notwithstanding any of such bye-laws, statutory or other regulations;

(c) at the request of the Local Fuel Overseer provide for the checking of any particulars relating to any consumer whose premises are within its district in connection with the determination of any allowance of fuel or lighting under this Order;

(d) at the request of the Local Fuel Overseer be responsible for and undertake the distribution among registered coal merchants and licensed coal dealers of supplies of coal allocated by the Controller to meet any emergency or temporary shortage within the district.

*Special Powers of Local Fuel Overseers.*

27. Subject to the directions of the Controller, the Local Fuel Overseer shall take such action and enforce such measures as may be necessary for the purposes of this Order, and in particular shall have power:—

(a) To take possession of all stocks of coal within his district or consigned thereto capable of being used for the purposes of this Order, and direct how such stocks shall be applied from time to time to meet the requirements of consumers.

This power to take possession of all stocks of coal shall not extend to stocks of coal already upon premises coming within the scope of this Order, except as provided in clause 17 thereof, nor shall it extend to take possession of any stock of coal belonging to a transport or public utility undertaking without either the consent of the undertaking or the approval of the Controller.

(b) To issue instructions to registered coal merchants and licensed coal dealers as to how

and when and in what quantities supplies and deliveries shall be made to consumers, and for this purpose determine all questions relating to the supply and delivery of coal.

(c) To require the registered coal merchants or licensed coal dealers within the district to re-arrange the cartage facilities necessary for the supply and delivery of coal so as to secure the most economical user of such cartage facilities, and to require one coal merchant or dealer to undertake the cartage or delivery of coal for another coal merchant or dealer upon such terms as may be determined fairly in relation to the cost of such service, but not to the prejudice of such latter merchant's or dealer's trade or business, and in particular to prescribe the streets or localities to be served by persons hawking or selling coal on the streets in quantities not exceeding 2 cwts. at any time, and to prohibit such persons from hawking or selling coal in any other streets.

(d) Where there has been a failure to supply coal in any particular street or locality within the district or where there is an urgent need of coal in any particular street or locality, to direct any registered coal merchant or licensed coal dealer within the district to make such deliveries of coal in such quantities and in such order or rotation as he thinks fit in the interests of the consumers, having regard to the requirements of the district as a whole and to the ability of such coal merchant or dealer to make such deliveries.

(e) To require the registered coal merchants or licensed coal dealers to establish and hold under his directions such reserve stocks of coal as he may determine, having regard to the circumstances and ability of such merchants or dealers, the extent and character of their trade and to the possible needs of the consumers, and to determine how and when such reserve stocks shall be used; and in default of such reserve stocks being established or maintained to require the observance by such merchants or dealers as are in default of such restrictions on supplies or deliveries to consumers as he may determine.

#### *Power to Remove Local Fuel Overseers.*

28. The Controller shall, by any duly authorized representative, have power to enquire into the acts or defaults of any Local Fuel Overseer, and to call for such reports and to take such action as he thinks fit, and may require the removal of any such person holding office and the appointment or nomination of another in his place without prejudice to any proceedings which may be taken against the person so removed.

#### PART IV.—TRADE REGISTRATION AND LICENSING.

##### *Registration and Licensing of Distribution Agencies.*

29. No person shall deal in or sell coal to a consumer in respect of any premises to which this Order applies unless such person dealing in or selling coal is the holder either of a certificate of registration or of a licence issued by the Local Fuel Overseer for the district in which the depot, wharf, office, or other premises from which he proposes to deal in or sell coal is situate.

A person carrying on business at more than

one address may register with the Local Fuel Overseer an address to which he wishes all communications in relation to this Order or any matters to arise thereunder to be sent, and communications sent to him at such address shall have effect as if they had been sent to all other addresses registered by him in the district of such Local Fuel Overseer.

Provided always that a person who sells or deals in coal by truck to a consumer in respect of any premises to which this Order applies and forwards or arranges for the forwarding of such trucks to stations throughout the country or parts thereof may, on application to the Controller, register with the Controller, and such registration shall be good for every district comprised within this Order.

##### *Registration of Merchants.*

30. Where a person engaged in the coal trade obtains supplies of coal for resale, either from a colliery direct or through a colliery agent or factor, such person shall be entered in a register, and shall take out a certificate of registration for each depot, wharf, office, or other premises owned or controlled by him at which he sells or otherwise deals in coal. Such person is herein referred to as a "registered coal merchant."

Subject to the proviso in clause 29 hereof, colliery proprietors or companies, colliery agents or factors supplying coal direct either to consumers as aforesaid or to persons becoming licensed coal dealers under clause 31 hereof and purchasing their supplies of coal landsale, shall take out a certificate of registration in the district or districts in which their colliery or other depots, wharves or offices are situate and for the purposes of this Order be treated as registered coal merchants in respect of their landsale.

Gas companies and other persons producing coke for sale or distribution direct either to consumers as aforesaid or to persons becoming licensed coal dealers under clause 31 hereof shall take out certificates of registration for each separate works, depot, wharf or office at which the coke is sold or otherwise dealt in, and for the purposes of this Order be treated as registered coal merchants.

##### *Licensing of Dealers.*

31. Where a person engaged in the coal trade obtains the greater part of his supplies of coal from or through a merchant being a registered coal merchant but not being a colliery, colliery agent or factor, except where such colliery, colliery agent or factor is registered as a coal merchant under clause 30 hereof for landsale supplies, such person shall take out a licence and shall be entered in a separate register. Such person is herein referred to as a "licensed coal dealer."

A person acting as agent for a registered coal merchant and carrying on business in his own name and accepting responsibility for the supplies of consumers as aforesaid but ensuring the delivery of such supplies through such registered coal merchant shall take out a licence as a licensed coal dealer.

##### *Form of Application for, and Certificate or Licence.*

32. Every application for a certificate of registration or for a licence shall be in such form as may be prescribed by the Controller,

and shall contain a true statement of all particulars specified therein.

Every certificate of registration and every licence shall be in such form as may be prescribed by the Controller, and may be granted and held subject to such conditions as the Controller may from time to time determine.

There shall not be any charge for any certificate of registration or licence.

*Refusal, Transfer, or Cancellation of Certificate or Licence.*

33. Where a person has not been engaged in selling or otherwise dealing in coal prior to the 1st January, 1918, the Local Fuel Overseer may refuse a certificate of registration or licence to such person.

Where a person engaged in the coal trade sells or otherwise deals in coal to a less extent on the average during the last six months than 1 ton per week the Local Fuel Overseer may refuse a certificate of registration or licence to such person, or may suspend or cancel any certificate or licence already issued to such person.

Where a person holding a certificate of registration or licence transfers his business or where such business is transferred at death to some other person, such certificate or licence shall on request to the Local Fuel Overseer be transferred into the name of such other person, together with all certificates for supply to consumers held by such person.

Where a person who has received a certificate of registration or a licence under clause 30 or 31 hereof, respectively, has by himself or by his servants failed to observe the terms of this Order or any rules and instructions made thereunder, or has failed to comply with the directions of the Local Fuel Overseer, the Local Fuel Overseer may revoke or suspend, for such period as he may think fit, any such certificate or licence.

*Public Notice of Registration Required.*

34. Every person holding a certificate of registration or licence under this Order shall exhibit and keep exhibited in a conspicuous position at the depot, wharf, office, or other premises to which such certificate or licence relates either the certificate or licence or such other notice in a form to be approved by the Controller to the effect that the person is so registered or licensed in respect of such premises.

Where a person carries on business on his own account, not at any fixed address, but by means of hawking or selling on the streets, he shall carry with him such certificate or licence or such other notice as may be prescribed, which shall be produced on demand to the Local Fuel Overseer, or anyone duly authorized by the Local Fuel Overseer or by the Controller in that behalf.

*Return of Premises at which Coal is Received or Delivered.*

35. A registered coal merchant shall supply to the Local Fuel Overseer and to the Controller a statement showing the depots, wharves, and other premises at which he receives and from which he delivers coal, so that returns may be obtained as to the quantities of coal supplied to, or delivered from, each such depot, wharf, or other premises, and any other particulars relating thereto which may be required from time to time.

*Supplies of Coal to Licensed Coal Dealers.*

36. A licensed coal dealer shall from time to time declare the source or sources from which he obtains his supplies of coal, and shall not obtain supplies from any source not previously declared by him except on notice to the Local Fuel Overseer.

No person shall supply coal to a coal dealer required by this Order to take out a licence unless such person is satisfied that the coal dealer holds a licence issued under clause 31 hereof, and for this purpose such person may require the licence to be produced, and the same shall be produced accordingly.

*Miscellaneous Exceptions.*

37. Auctioneers shall not sell coal except either to persons holding certificates of registration or licences or to such other persons as may previously be agreed by the Local Fuel Overseer.

When the occupier of any premises in respect of which this Order applies is removing to other premises he may dispose of his coal either to the incoming occupier or to such other person as may previously be agreed by the Local Fuel Overseer.

Neither a certificate of registration nor a licence shall be required for the dealing in or sale of coal within the terms of this clause or for the dealing in or sale of coal under an allowance made in respect of a group of consumers on one certificate by the agent or other responsible person to such consumers.

**PART V.—DUTIES OF REGISTERED COAL MERCHANTS AND LICENSED COAL DEALERS.**

*Only to Supply Registered Consumers.*

38. A registered coal merchant or licensed coal dealer shall at the request of a consumer accept or refuse his registration within a period not exceeding five days and unless he refuses within that period shall be deemed to have accepted the registration. A registered coal merchant or licensed coal dealer shall not accept for registration any consumer under this Order not being a regular customer of his prior to January 1st, 1918, unless he has a reasonable expectation of being able to discharge all orders for coal to be received from such consumer or unless he is required to accept such registration by the Local Fuel Overseer or the Controller.

A registered coal merchant or licensed coal dealer shall not supply or deliver coal to any consumer in respect of any premises coming within the scope of this Order unless such consumer is registered with him for such supply or unless the previous assent in writing of the Local Fuel Overseer has been obtained.

*Not to Supply Excess Quantities.*

39. A registered coal merchant or licensed coal dealer shall not after the date upon which this Order comes into effect sell, deliver or in any way supply coal for consumption in any premises to which this Order applies in excess of 5 tons in the year commencing with the 1st July, 1919, unless he holds a certificate in writing from the Local Fuel Overseer for the supply of a larger quantity, in which event he shall not exceed the larger quantity shown on such certificate.

*Record of All Deliveries to be Kept.*

40. Every registered coal merchant or licensed coal dealer shall keep, at the office or depot at which orders are received and dealt with by him, a record in a form to be approved by the Controller of all coal sold, supplied or delivered by him in respect of any such orders in quantities exceeding 2 cwts. at one time, or in the case of coke 3 cwts. A registered coal merchant or licensed coal dealer shall not sell, supply or deliver coal to a consumer in quantities of 2 cwts. or less (or in the case of coke 3 cwts.) where such consumer has a stock of coal of 10 cwts. or more in his possession and in any event not more frequently than once in any week.

The record and all orders, receipts or vouchers for the supplies or deliveries of coal, together with the books and accounts of such merchant or dealer, shall be open to the inspection, at all reasonable times, of the Local Fuel Overseer or of the Controller or of any person duly authorized by either of them.

*Small Sales of Coal at Depots.*

41. Every registered coal merchant or licensed coal dealer shall, if required by the Local Fuel Overseer, provide and thereafter maintain at each of his depots adequate labour and appliances for the sale of coal by retail in quantities not exceeding 1 cwt. (but not less than  $\frac{1}{2}$  cwt.) at one time.

*Limit to Tonnage to be Delivered at One Time.*

42. Every registered coal merchant or licensed coal dealer shall comply with such restrictions upon the quantity of coal to be delivered at one time to consumers, in respect of any premises to which the provisions of this Order apply, as may be determined from time to time by the Local Fuel Overseer or by the Controller, and such restrictions shall be determined as may be necessary to secure the equitable distribution of the available supplies of coal among all consumers as aforesaid.

Where such restrictions are in force no person shall acquire or attempt to acquire coal in excess of the quantity so determined in respect of any premises to which the provisions of this Order apply.

*Deliveries to be Made to Instructions of Local Fuel Overseer.*

43. A registered coal merchant or licensed coal dealer shall make such deliveries as the Local Fuel Overseer may direct, and shall observe any directions and instructions of the Local Fuel Overseer under the terms of this Order.

The Local Fuel Overseer may require any delivery of coal to consumers within his district to be transferred from one depot to another within the district or from one registered coal merchant or licensed coal dealer to another within such district as may be most convenient for the delivery of the same, and in such latter case the registered coal merchant or licensed coal dealer shall execute any orders received thereunder equitably and in rotation with any other orders that he may have at the date of transfer.

*Small Consumers to be Supplied First.*

44. At no time shall any delivery of coal in excess of 2 cwts. be made in any week unless full provision has been made for the delivery

of at least 2 cwts. (or in the case of coke 3 cwts.) to any registered consumer requiring a delivery to be made to him or unless the Local Fuel Overseer shall expressly direct otherwise.

*Deliveries to be in Rotation in Summer Months.*

45. Every registered coal merchant or licensed coal dealer shall, as far as possible and subject to any special requirement of this Order or instruction of the Local Fuel Overseer or of the Controller, during the period from the 1st May to the 31st October in any year, make deliveries of coal by not more than a full load at a time in rotation to all consumers, in respect of any premises to which the provisions of this Order apply, in accordance with the dates of their respective orders, without variation except in so far as may be necessary to make up full loads for delivery where two or more deliveries are included in one load.

*Deliveries to be According to Needs in Winter Months.*

46. Coal shall not be delivered by a registered coal merchant or licensed coal dealer during the period from the 1st November to the 30th April in any year to any consumer in respect of any premises to which the provisions of this Order apply, where the existing stock of coal in the possession of such consumer in respect of such premises exceeds the amount allocated to the next succeeding month in accordance with clause 9 hereof, so long as any orders for coal of such merchant or dealer on behalf of other consumers remain unexecuted in respect of premises where the existing stock of coal in the possession of such other consumers is less than the amount allocated to such next succeeding month.

*Merchants' Reserve Stocks.*

47. Every registered coal merchant shall be required to hold such minimum stock of coal at each of his depots and for such period of time as may be required by the Local Fuel Overseer or by the Controller.

With the assent of the Local Fuel Overseer the registered coal merchants may establish a common stock on behalf of them all or of some of them and may agree the terms and conditions to be applied to the provision and use of such stock.

Where the Controller shall declare a state of emergency to exist, the Local Fuel Overseer may require stocks to be treated as a common stock, but not so as to prejudice the trade of any one merchant, and may determine the terms and conditions under which such common stock shall be held and used.

*Returns by Merchants and Dealers.*

48. A registered coal merchant or licensed coal dealer shall make such returns and reports to the Local Fuel Overseer or the Controller as the Controller may from time to time require. Such returns and reports shall be in such form as the Controller may direct.

A registered coal merchant or licensed coal dealer shall permit any duly authorized representative of the Controller to inspect his books and accounts and to make extracts therefrom for the purpose of ascertaining whether any return or report made by him is correct or for any purpose in connection with the determina-

tion of maximum prices for coal under this Order.

*Returns by Factors.*

49. A factor, not being a registered coal merchant, may be required by the Controller to submit returns to him from time to time of the supplies of coal which he makes to licensed coal dealers in such form as the Controller shall direct and shall comply with such requirement.

A factor shall supply coal to the licensed coal dealers dependent upon him for supplies equitably, having regard to the supplies made by him to them in previous years; and shall comply with any instructions of the Controller in this connection.

*Truck Deliveries to Private Consumers.*

50. A registered coal merchant or licensed coal dealer selling, supplying or delivering coal by truck to a consumer in respect of any premises to which this Order applies, must give previous notice thereof to the Local Fuel Overseer of the district to which the coal is to be forwarded, and such notice shall give full particulars as to the name and address of the person to be supplied, the premises in respect of which the supply is to be made, and the extent of the supply. Upon receipt of such notice the Local Fuel Overseer shall either assent to or refuse to permit such supply to be made, and where such assent is refused such supply by truck shall not be forwarded.

The Local Fuel Overseer may in his discretion refuse to permit such supply to be made by the truck (a) in any case during the period from the 1st October to the 30th April in any year; and (b) in any case in which there has not been a previous practice for coal to be so supplied to such consumer during the period from the 1st May to the 30th September in any year.

Where a Local Fuel Overseer is entitled to refuse his assent to the forwarding of a supply of coal by truck he may give such assent subject to such conditions as he may think fit, in which event such conditions shall be observed and carried out in connection with such supply.

*Power to Take Possession of Coal in Truck at any Time.*

51. All persons owning or having power to dispose of coal which has been or is being consigned by truck to a consumer as aforesaid, and in respect of which no assent has been given under the preceding clause, and all carriers thereof shall, if required by the Local Fuel Overseer of the district to which such coal is consigned, hold such coal at the disposal of such Local Fuel Overseer to be applied as he shall direct. The terms upon which such coal shall be disposed of shall be determined by agreement, or in default settled by a single arbitrator to be appointed by the Controller.

*Advertising or Touting Prohibited.*

52. A registered coal merchant or licensed coal dealer or anyone acting in such behalf shall neither advertise nor tout nor canvass for customers or orders, except to such extent as may be permitted by the Local Fuel Overseer or the Controller; and shall not send any forms issued under this Order to any consumer who is not registered with him or who has not asked for the same or who has not since the 1st January, 1917, been supplied with coal by such

merchant or dealer; and shall not use the forms supplied by the Local Fuel Overseer or by the Controller for the furtherance of his trade, except in accordance with the procedure laid down under this Order.

This clause shall not have effect with regard to any existing advertisement contract or arrangement so long as no renewed or extended contract or arrangement is entered into; nor shall it have any effect with regard to signs or notices on an office or shop or wharf or depot belonging to or in the occupation of such merchant or dealer for the purposes of his business or trading in coal, or on any vehicle or other equipment used by him for the purposes of his business; nor shall it have any effect in relation to notices of prices to be charged for coal or to notices relating to any of the provisions of this Order which are approved by the Local Fuel Overseer or by the Controller.

**PART VI.—DUTIES OF UNDERTAKERS OF GAS AND ELECTRICITY SUPPLIES AND OTHER CLAUSES APPLICABLE THERETO.**

*Relief from Obligation to Supply.*

53. Where a company or undertaking supplying or offering to supply gas or electricity for reward (hereinafter referred to as an "undertaker of gas or electricity supply") is by reason of the provisions of this Order prevented from making a supply or from making a full supply to any consumer it shall to that extent be relieved of any obligation resting upon it by statute or otherwise to make such supply.

*Records and Returns.*

54. An undertaker of gas or electricity supply shall keep such records of its supplies to consumers as the Controller may require, and such records, together with any orders, receipts, or vouchers for such supplies, and the books and accounts of such undertaker, shall be open at all reasonable times to the inspection of the Local Fuel Overseer of the district in which the premises of any such consumer are situate, or of the Controller, or of any person duly authorized by either of them.

Further, an undertaker of gas or electricity supply shall make such returns to the Local Fuel Overseer or the Controller in such form as the Controller may from time to time direct for the purposes of this Order.

*Meter Readings.*

55. An undertaker of gas or electricity supply shall take readings of the meters of all consumers not less frequently than once in each quarter, and such other meter readings as, in the opinion of the Controller, may be found necessary to ensure the observance of the restrictions on consumption laid down in this Order.

For the purposes of any accounts and returns required under this Order the meter readings for each quarter shall be taken as nearly as possible to the quarter days set out in clause 5 hereof. The system of taking meter readings shall as far as possible proceed according to some regular arrangement each quarter, so that the interval between the readings of the meter of any one consumer shall be approximately three months.

The meter readings shall, for the purposes of this Order, be *prima facie* evidence of the quantity of gas or electricity consumed.

*Restrictions on Fitting and Equipment of Premises.*

56. An undertaker of gas or electricity supply shall not, after the date on which this Order comes into effect, without the previous assent of the Local Fuel Overseer, make any new connection for the purpose of the supply of either gas or electricity coming within the scope of this Order, nor shall it fit or equip or permit or authorize to be fitted or equipped any premises with additional appliances for the purpose of using gas or electricity for fuel without such assent. This clause shall extend to any other persons undertaking the fitting or equipping of premises with appliances for the use of gas or electricity for fuel.

*Removals; Failure to Give Notice.*

57. When a consumer fails to give notice of removal as required by clause 14 hereof, he shall for the purposes of this Order be assumed to have consumed the gas and/or electricity shown by the next meter readings after his removal.

*Quarterly Return of Excess Consumptions.*

58. An undertaker of gas or electricity supply shall, not later than four weeks after the close of any quarter, make a return to the Local Fuel Overseer for each district in which it makes supplies showing for each consumer in such district the excess supply (if any) which such consumer has taken in such quarter for any premises in his occupation over the allowance or proportionate part thereof for such premises in accordance with the provisions of clauses 8 and 9 hereof.

*Reserve Stocks of Coal;—Gas and Electricity Undertakers.*

59. An undertaker of gas or electricity supply shall maintain such reserves of coal for the purposes of its undertaking as the Controller may determine, and shall report to the Local Fuel Overseer or Overseers concerned and to the Controller any case in which its reserve of coal is not maintained.

The Controller or the Local Fuel Overseer with the assent of the Controller may in such event direct such general reduction or limitation in the supply of gas or electricity to consumers as he may deem necessary to provide against a failure of supply.

**PART VII.—THE SALE OF COAL.**

*Maximum Prices to be Fixed.*

60. The Controller, or such persons as he may authorize in writing, or the Local Fuel Overseer with the assent of the Controller, may from time to time determine the maximum prices for coal coming within the scope of this Order.

Where coal is sold for resale, the maximum prices for such coal at every stage shall be determined under this Order, in so far as they are not already determined by the Wholesale Coal Prices Order, 1917, or any amendment thereof.

*Maximum Prices and Terms to be Observed.*

61. Coal shall not be offered for sale to, or sold to, or purchased by, consumers at prices exceeding the maximum prices so determined, nor shall any charges be made or paid by any person under any pretext for special services rendered to consumers where such services have

been brought into reckoning in determining the maximum prices.

*Restricted Deliveries under Order, Payment for.*

62. When coal is delivered in restricted quantities, in consequence of any of the provisions of this Order, such coal shall be charged and paid for at the price appropriate to the quantity delivered, and shall not, unless the consumer so desires, be deemed to be a part delivery in fulfilment of any then outstanding order for a larger quantity.

*Coal to be Sold by Weight.*

63. Every sale of coal to which the provisions of this Order apply shall be by weight, except that coke may, with the assent of the Local Fuel Overseer, be sold by measure in quantities of 1 cwt. or less, where such has been the previous practice.

*Purchases and Sales to be Unconditional.*

64. No conditions involving the purchase of any other article or any other payments than those permitted under this Order shall attach to a sale of coal. Where by reason of special circumstances attaching to any delivery or supply of coal the merchant or dealer is of opinion that the cost of such delivery or supply warrants an additional charge, he may apply to the Local Fuel Overseer to have an additional charge per ton or per cwt. determined in respect of such delivery.

No person engaged in the sale or delivery or distribution of any coal shall accept or obtain or agree to accept or endeavour to obtain from any other person for himself or for any other person any gift or any consideration (other than the monies properly payable by reason of such sale, delivery or distribution) as an inducement or reward for selling or delivering or distributing any coal to one purchaser or receiver in priority or in preference to another purchaser or receiver; and no person shall give or agree to give or offer any such gift or consideration.

“Consideration” includes valuable consideration of any kind.

*Public Notice of Current or Maximum Prices.*

65. A notice, in a form to be approved by the Controller, of the maximum prices determined for any district or such less prices as may be charged, shall be exhibited and kept exhibited in a conspicuous position in all offices or other places at which orders for the sale or delivery of coal are received and in the office or offices to be established under clause 21 hereof.

Where prices are charged in accordance with such notice, such notice shall be *prima facie* evidence that such charging of prices is authorized and that the prices charged are correct.

*Prices to be Exhibited by Hawkers and Trolley Men.*

66. Subject to any bye-law of any Local Authority, no person being the owner of or employed in connection with or in charge of a vehicle offering for sale from such vehicle coal in quantities not exceeding 2 cwts. shall sell or offer for sale such coal unless there shall be affixed on prominent and conspicuous parts of such vehicle, so as to be visible on both sides thereof, metal tablets on which shall be clearly marked in a permanent and legible manner the
