## THE KING'S AWARDS FOR ENTERPRISE 2024

INNOVATION, INTERNATIONAL TRADE, PROMOTING  
OPPORTUNITY (THROUGH SOCIAL MOBILITY) AND  
SUSTAINABLE DEVELOPMENT

# INNOVATION

HIS MAJESTY THE KING has been graciously pleased to confer His Awards in 2024 upon the following business units in recognition of their outstanding achievements in Innovation:

| <i>Name</i>                              | <i>Location</i>     | <i>Product or Service</i>  |
|--|---------------------|--|
| 365 Business Finance Limited             | Greater London      | AI-powered automated underwriting and funding, improving speed of funding for SMEs and underwriting accuracy.                        |
| <b>3D Technologies Ltd</b>               | <b>Warwickshire</b> | <b>Unique motion-sensor-based measuring tool for capturing and drawing regular and irregular shaped areas and elevations.</b>        |
| Aanco (UK) Limited                       | North Yorkshire     | Innovative and novel roof lantern that can be fitted in minutes and glazed in seconds.   |
| Aberlink Limited                         | Gloucestershire     | Innovative design and error compensation of a delta mechanism for metrology.   |
| ADF Milking Limited                      | West Sussex         | Automated vacuum control technology for milking that improves animal welfare and increases milking parlour efficiency.               |
| Advanced Manufacturing (Sheffield) Ltd   | South Yorkshire     | Precision manufacture of complex aerofoil geometries from forging, utilising patented dampening fixture.                             |
| Alfred H. Knight Holdings Limited        | Merseyside          | Digital transformation of complex inspection services in the metals & minerals sector in Africa.                                     |
| Almath Crucibles Ltd                     | Cambridgeshire      | The research and development of high purity fully vitrified MgO ceramics for the nuclear industry.                                   |
| Aston Martin Lagonda Global Holdings PLC | Warwickshire        | Innovative perforating and quilting solution producing decorative finishes and a cooling function on automotive interiors.           |
| bf1systems Limited                       | Suffolk             | 2.4GHz based, Tyre Pressure and Temperature Monitoring System delivering high-accuracy data for performance vehicles globally.       |
| Bionema Group Ltd                        | West Glamorgan      | Natural biocontrol solutions protecting crops from pests & diseases without harming humans or the environment.                       |
| Bluewater Bio Ltd                        | Greater London      | Removes deadly phosphorus from rivers better than any other technology in the world. Independently verified.                         |
| Bryden Wood Technology Limited           | Greater London      | Construction Platforms: a digital design and delivery system to increase productivity, reduce carbon and cost.                       |
| C Brandauer & Co Ltd                     | West Midlands       | An evolution in Micron Precision Tooling that's boosting reshoring and supporting the UK's electrification drive.                    |
| <b>Cokebusters Ltd</b>                   | <b>Clwyd</b>        | <b>Ultrasound intelligent pig for internally measuring tube metal integrity especially when externally inaccessible.</b>             |
| Createc Ltd                              | Cumbria             | Modular robotics integration services for hazardous environments.  |
| Creo Medical Group PLC                   | Monmouthshire       | Advanced Energy electrosurgical device for minimally invasive endoscopic removal of pre-cancerous and cancerous lesions.             |
| Dura Composites Ltd                      | Essex               | Uniquely designed heavy duty anti-slip structural walkway grating providing 33% carbon and weight savings.                           |
| EA Technology Ltd                        | Cheshire            | Low Voltage monitor that provides valuable insight into electricity network efficiency, optimisation and fault management.           |
| Filtronic Broadband Limited              | County Durham       | High-frequency, solid-state power amplifier enabling high speed, low latency data transfer to low-earth orbit satellites.            |
| Frugalpac Ltd                            | Suffolk             | World's first and only commercially-available paper bottle for wine and spirits, decarbonising the drinks industry.                  |
| Giocoguardo Ltd                          | Cambridgeshire      | Pumpless espresso machine with innovative temperature control system, extending service life and reducing material consumption.      |
| Gripple Ltd                              | South Yorkshire     | Innovative pre fabricated bracket solution for the installation of mechanical services in restrictive spaces.                        |
| Hadean Supercomputing Ltd                | Greater London      | Computing resource allocation for distributed spatial computing with a subscription based data delivery system.                      |
| Halo Solutions Ltd                       | Nottinghamshire     | Lifesaving software invented by counter-terrorism police officer, motivated to help after Manchester Arena bombing.                  |
| Hi-Level Mezzanines Ltd                  | Hampshire           | An innovative software solution for efficient designing, estimating and manufacturing of bespoke mezzanine floors.                   |
| Hygienex trading as HSG UK               | Derbyshire          | HSG's revolutionary washroom innovation technologies significantly reduce water consumption, save money and improve the environment. |
| Idem Safety Switches Ltd                 | Manchester          | Ultra reliable grab-wire emergency stop switch for conveyors, especially for harsh / high-load environments.                         |

| <i>Name</i>  | <i>Location</i>          | <i>Product or Service</i>   |
|--|--------------------------|---|
| Incremental Solutions Limited                              | North Yorkshire          | OLErt – Real time dynamic monitoring of overhead line equipment on UK Rail.   |
| InfoTrack Limited  | Greater London           | A pioneering software platform providing a unique end-to-end digital conveyancing service to law firms.   |
| INJ Associates Ltd   | Tyne and Wear            | Cutting-edge professional development platform, which demonstrates its impact on both teaching quality and student outcomes.                                  |
| ISDI Limited   | Greater London           | High speed, low noise, large area CMOS X-ray detector for 3D X-ray imaging.   |
| JST (Floating Piers) Ltd                                   | South Ayrshire           | Mobile commercial ports using innovative floating piers avoiding costly fixed asset development and lengthy planning.   |
| Limb art Ltd   | Clwyd                    | Manufacturer and designer of the world's coolest prosthetic leg covers for amputees globally.   |
| Liquid Gas Equipment Ltd trading as Babcock LGE            | Fife                     | ecoSMRT® is the most efficient reliquefaction system for marine transportation of Liquefied Natural Gas (LNG).  |
| MedShr Ltd   | Greater London           | Medical knowledge platform connecting doctors globally to improve patient care and save lives.  |
| <b>Mike Stoane Lighting Ltd trading as Stoane Lighting</b> | <b>Midlothian</b>        | <b>Innovative, holistically designed, technology agnostic product range yielding quantifiable sustainability, inventory, and future flexibility benefits.</b> |
| Multifleet Vehicle Management Ltd                          | Warwickshire             | Dynamic and Innovative Fleet Management platform, delivering rich functionality in a 24/7 cloud based environment.  |
| Nanomerics Ltd   | Greater London           | An active excipient platform for Precision Medicines with improved efficacy and reduced side effects.   |
| NCB Hazcheck Limited                                       | County Durham            | Pioneering dangerous goods detection system to elevate maritime safety, safeguard lives, cargo, and the environment.  |
| One Big Circle Ltd   | Bristol                  | A ground-breaking Intelligent Video system dramatically improving safety and efficiency in the rail industry.   |
| Oxford Instruments Nanotechnology Tools Ltd                | Oxfordshire              | Innovative fibre-optic-coupled CMOS camera delivering fast, high resolution electron backscatter diffraction (EBSD) for scientific research.                  |
| <b>Red Fox ID Limited</b>                                  | <b>Buckinghamshire</b>   | <b>Above-ground vehicle classification technology used to detect and classify vehicles for road user charging applications.</b>                               |
| Reincubate Limited   | Greater London           | Superpowering webcams and smartphones to make professional video accessible to everyone.  |
| Ruth Lee Limited   | Clwyd                    | An innovation for pool lifeguards that is transforming training around the world.   |
| Ryse 3D Ltd  | Warwickshire             | Rapid tooling: 3D printed injection moulding tools fabricated from unique materials, eliminating offshore production processes.                               |
| S&A Group Holdings Ltd                                     | Herefordshire            | A major breakthrough in plant genetics improving sustainability and resilience for the global strawberry industry.  |
| Safespaces (Cornholme) Ltd                                 | West Yorkshire           | Customised beds and spaces designed for young people with complex needs including autism and epilepsy.  |
| Safety Shield Global Ltd                                   | Cheshire                 | World-leading AI human detection technology designed specifically for the construction industry to eliminate onsite collisions.                               |
| Sarco Stopper Ltd  | West Lothian             | Hydro Bag technology for pipeline stopping and bypass solutions delivering water conservation and uninterrupted supply.                                       |
| Semantics 21 Ltd   | Staffordshire            | Next-generation AI-powered toolset to boost investigators' ability to find child sexual abuse victims.  |
| Smith Myers Communications Ltd                             | Bedfordshire             | A system used by SAR aircraft to turn any mobile phone into a rescue beacon.  |
| Thermoteknix Systems Ltd                                   | Cambridgeshire           | Night-time Augmented Reality head-up display delivering covert team situational awareness, navigation and target information.                                 |
| Vascutek Ltd trading as Terumo Aortic                      | Renfrewshire             | A collaborative process enabling provision of unique custom solutions for treatment of complex aortic disease.  |
| Warrendale Wagyu   | East Riding of Yorkshire | Our innovation provides new and sustainable ways forward for the UK Meat and Dairy industry.  |
| WeWalk Limited   | Greater London           | WeWalk is a smart-cane and navigation system for safe and independent visually impaired mobility.   |
| Whitehouse Construction Co. Ltd                            | Derbyshire               | A flood resistant door and gasket for domestic properties, providing a passive defence against water.   |
| Winbro Group Technologies Ltd                              | Leicestershire           | High performance, flexible manufacturing system for machining; Turbine Blades, Hydrogen Fuel-Cells, Semiconductor and Medical parts.                          |
| <b>Zeeko Limited</b>                                       | <b>Leicestershire</b>    | <b>Innovative process and product range enhancing the established business and offering growth and diversification opportunities.</b>                         |

# INTERNATIONAL TRADE

HIS MAJESTY THE KING has been graciously pleased to confer His Awards in 2024 upon the following business units in recognition of their outstanding achievements in International Trade:

| <i>Name</i>  | <i>Location</i>     | <i>Product or Service</i>  |
|--|---------------------|--|
| 2M Group Limited                                   | Cheshire            | Distribution of specialty chemicals and industrial gases alongside value-added services in storage, blending and sampling.             |
| <b>3D Technologies Ltd</b>                         | <b>Warwickshire</b> | <b>Manufacturers of the world's first motion-sensor based measuring device making difficult measuring easy for professionals.</b>      |
| A.J. Power Limited                                 | County Armagh       | AJ Power manufacturers high quality power generating sets in the United Kingdom for distribution worldwide.                            |
| A4P Consulting Ltd                                 | Kent                | A4P provides sector leading bioanalytical expertise and logistics services to our global customer base.                                |
| Accu Limited                                       | West Yorkshire      | World-class e-commerce experience and customer service, enabling engineers and innovators to buy precision components quickly.         |
| Adaptavist Holdings Limited                        | Greater London      | Our innovative software, services and support help companies worldwide work better and embrace digital transformation.                 |
| Advanced Alloy Services Ltd                        | South Yorkshire     | The UK's leading independent supplier of pure metals and revert to the global superalloy industry.                                     |
| AeroGlow Int Ltd trading as AeroGlow International | Wiltshire           | Armoured Vehicle Emergency Egress Lighting System suppliers, mitigating drowning and egress risks for crew.                            |
| Airline Component Services Ltd                     | Essex               | The leading global specialist supplier of commercial aircraft rotatable Flying Controls, nacelles and structural components.           |
| AJ Wells & Sons Ltd                                | Isle of Wight       | Manufacturers of cleaner and more efficient wood burning stoves and long-lasting signage solutions.                                    |
