

Gazettes

Gazette Direct Electronic Data Sheet

Use Gazette Direct for:

- Credit management - because every hour counts for credit exposure to customers and instability at suppliers.
- Business development - ensure you find new potential customers before your competitors do.
- Mailing list control - save money and advertisers' reputations by excluding bankrupts, the deceased or companies in financial difficulties from mailings.
- Publishing - incorporate Gazette data into databases and references for your customers (a free of charge Click Use license may be necessary, more information is available from www.opsi.gov.uk)

Why Gazette Direct?

- De-risk - eliminate the risk of inaccurate keying.
- Reduce cost - lower cost than re-entering from printed copy.
- Be first - faster than any other method of obtaining commercial quantities of London Gazette information.

Don't forget that similar services are available for Scottish insolvency data.

Find Out More

To discuss your needs further, for example files or for any other information please email corporateaccounts@tso.co.uk with the subject line **DAP**. Please include your telephone number. Alternatively telephone Toby Walker on **01603 696701**.
